The **World Gourmet Summit Awards of Excellence** was launched in April 2001, with the aim of recognising the untold efforts and passion of the food and beverage professionals. The Awards were inspired by Michelin Guide in France and James Beard Foundation in the United States. It was established to celebrate the spectrum of talents in Asia who have achieved a distinct reputation for providing world class dining experiences, and serve as a benchmark for excellence in service, creativity and the best in every field. It also serves as an aspiration and incentive for the young and aspiring food and beverage professionals. These awards are envisaged to become the quality benchmark for the Food and Beverage industry.
